

**CENTRAL AND EASTERN EUROPEAN CHAMBER OF COMMERCE
IN VIETNAM**

2015
ANNUAL REPORT

Dear CEEC Members and Friends,

First of all, on behalf of the Executive Committee, I would like to sincerely thank you for your commitment to CEEC during its first year of operation.

CEEC had a very successful 2015 compared to what was expected when the Executive Committee first took the responsibilities of running the Chamber. We are expanding in terms of membership base, external relation network, events, and services, which consequently lead to the need to increase operational capacity with more personnel in both the north and the south of Vietnam. *Please, kindly have a look at our concise year-end-report for a detail summary of what we have been achieving so far.*

In the upcoming time, aside from keeping and developing what we have achieved, we plan to continue to promote the visibility of the Chamber by co-hosting and supporting more events. We will also strive to have more significant events on our own where CEEC members can better realize their true benefits of being a part of us. We are also extending our relations with other Governmental Agencies, Diplomatic Bodies and Business Associations (e.g. VCCI, EVBN), of which the foundations have been gradually built within this year. We will be providing business related services with much more favorable offers to members of the Chamber. Details of the services can be easily found via URL: <http://ceecvn.org/services/>

All of this would not have been possible without the understanding and confidence of our dear members into us during the whole year.

On this year – end occasion, I would not only like to invite you to join the EuroCham Christmas party, but also to encourage you renewing your membership with CEEC to enjoy another year of valuable CEEC – EUROCHAM Dual membership benefits and services.

Attached to this letter, you will also find the application form for 2016. I request to check and update the prefilled details of the information and please do not hesitate to contact me, your Executive Committee contact point or our office support if you have any other questions.

Best Regards,

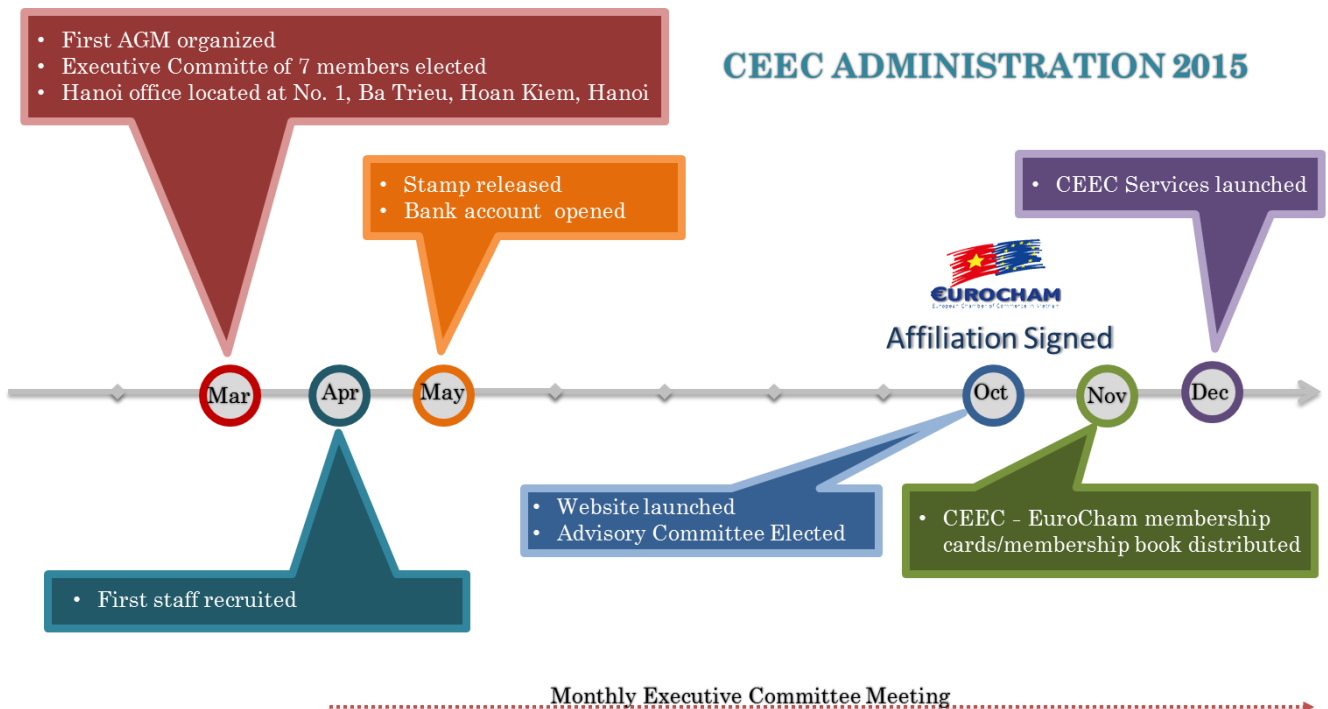

CHAIRMAN
Marko Moric

CEEC, an independent non-profit organization, was formed with the purpose of promoting the cooperation between businesses as well as individuals from 15 Central and Eastern European countries (Austria, Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Macedonia, Montenegro, Poland, Romania, Serbia, Slovak Republic, Slovenia) and Vietnam.

Within almost one year of operation, CEEC has got certain achievements in terms of membership base, communication, external relations, event organizations and services, which will be respectively summarized in this concise report.

CEEC members (currently coming from 9 different countries) started to share information with each other, the chamber helped to have many new contact, create connections, and find solutions. Nowadays we can see CEEC is not only a chamber but an active and vibrant business community, in the way of its integration to the bigger family of business communities, such as EuroCham and Vietnamese Business Forum (VBF).
