OVERVIEW

The 3rd Global Food Security & Sustainability Summit™ 2023 will bring together leading experts from around the world to tackle the pressing issues of food security and sustainability. Taking place on August 29th, 2023, Novotel Danang Premier Han River, Vietnam, the summit is the multi stakeholder platform for interdisciplinary and systemic discussions on food security challenges.

As environmental and social concerns intersect, the need to address food insecurity has become increasingly urgent. This year's summit will focus on scaling up climate resilience across food systems and transforming the food value chain to mitigate ESG risks. This includes efforts to adapt crops, improve water efficiency, lower the cost of nutritious food, and promote sustainable proteins.

Food technology advancements, such as precision agriculture and the development of new sustainable food sources, will also play a significant role in resolving food security and sustainability challenges. The food industry is under immense pressure to improve ESG performance and transparency, and digital technology and ESG will play a key role in enhancing food safety and accelerating food sustainability.

Co-located with The 15th Annual Global CSR & ESG Summit & Awards™ 2023, The Global Food Security & Sustainability Summit™ 2023 offers delegates the unique opportunity to broaden their perspective on related ESG issues. The summit provides a platform for professionals from the food security and sustainability community to come together, share ideas, and form meaningful partnerships.

1. Agriculture's Future is Driven by Sustainable Innovation
2. Managing Risk and Reacting to Volatility: Farmers' Perspective
3. Agriculture's Future: What to Expect?
4. Implementing New Generation Techniques for Commercial Agriculture
5. Reducing Food Loss Amid the Global Food Crisis
6. Climate Smart Agriculture: Stimulating Sustainable Production and Building New Market
7. When Sustainable Aquaculture Comes to The Rescue of Environmental Preservation
8. Smart Commodities - Enabling Supply Chain Traceability from Farm to Fork
9. How is Agriculture Providing a Safe Haven for Investment?
10. Elevating the Sensory Experience: Advancing Taste, Texture & Performance
11. Food Security: Providing Sufficient Safe, Nutritious and Healthy Food for Everyone.
12. Food Inflation and Nutrition Security Situation in Developing Asian Countries.

EVENT VENUE

Danang is one of Vietnam's most exciting and vibrant cities. Boasting an international airport, long stretches of pristine beach and a number of cultural sites within driving distance, it's little wonder why the city garners so much interest.

Perhaps the city's greatest asset is its potential to allow visitors to either complete important business matters efficiently, in a timely manner, or on the other side, relax and unwind, catch up with friends and enjoy quality family time. These important aspects are well known to us and we pride ourselves in being the best in both worlds.

Uniquely located in downtown Danang, on the beautifully-designed West Bank of the Han River, the Novotel has taken its place as a leading hotel venue for both business and leisure travelers. It is Danang's first upscale internationally-managed hotel with serviced-apartments, with the highest and hippest panoramic bar in the city alongside world-class facilities and restaurants. So be it business or pleasure, know that at the Novotel Danang Premier Han River, our professional staff are looking forward to welcoming you.

CENTRALLY LOCATED HOTEL WITH EASY ACCESS TO TRANSPORTATION AND TOURIST ATTRACTIONS:

- Novotel Danang – Airport: 6 km (20 minutes)
- Novotel Danang – Rail Station: 1 km (5 minutes)
- Novotel Danang – National Highway: 4 km (10 minutes)

AGENDA - DAY 1

8.00AM - 5.00PM (GMT +7)

8.00am

Registration and Exhibition Viewing

9.00am

Chairperson Opening Remarks

9.20am

Keynote Address: Agriculture's Future is Driven by Sustainable Innovation

- What role is agriculture playing in the current challenges of energy transition and food security?
- What part do science and technology play in equipping farmers with the resources they require to succeed while satisfying modern social demands?
- How might the pursuit of sustainable innovation be accelerated by cross-industry cooperation?

9.50am

Managing Risk and Reacting to Volatility: Farmers' Perspective

- How are farmers dealing with the supply shocks, increased prices for pesticides, seeds, and fertilizers?
- What strategies are being created to assist farmers in adapting and reducing risk from the supply chain, labour, and the environment?

10.20am

Panel Discussion- Agriculture's Future: What to Expect?

- What will the agricultural industry look like in 2050, if we move it along quickly? What groundbreaking changes are brought on by consumer demands, sustainability, the climate, and food security?
- What new horizontal opportunities will flow from this, and what new alliances will be required to address difficult problems?

10.50am

Morning Networking Refreshment & Exhibition Viewing

11.10am

Implementing New Generation Techniques for Commercial Agriculture

- What brand-new requirements will the agricultural sector face, and what equipment will farmers need to maintain productivity? What will cause the next yield increase in agriculture, from better management techniques to crops and input?
- How can we enable farmers to handle a higher frequency of crop rotation and the utilization of various crops while using less fertilizers and chemical inputs?
- What will the state of liberty and self-governance capabilities be like in the future? How far can this go and could we entirely stop using spray and move forward.

11.35am

Panel Discussion- Reducing Food Loss Amid the Global Food Crisis

- What grocery retailers and manufacturers can do?

12.05pm

Networking Luncheon and Exhibition Viewing

1.05pm

Panel Discussion- Climate Smart Agriculture: Stimulating Sustainable Production and Building New Market

- The USDA Climate-Smart Commodities Program has invested \$2.8bn to reduce and measure climate impact. What consortiums are being created and what breakthroughs are they targeting? How do we ensure that positive outcomes come from these partnerships?
- How are agri-food companies and technologies developers working with growers to stimulate the adoption of new farming practices? Where are we seeing pilots move to full scale operations?

1.35pm

When Sustainable Aquaculture Comes to The Rescue of Environmental Preservation

2.05pm

Smart Commodities - Enabling Supply Chain Traceability from Farm to Fork

- With pressure from consumers and regulators increasing, how is the conversation about supply chain traceability evolving? Where along the supply chain is innovation taking place?
- How are farmers monitoring and reporting on their production methods? To what extent are they developing their own technologies versus working with suppliers?
- What are the key barriers to seeing greater tracking and tracing across the value chain? What is needed to increase adoption and to establish greater data flows in agriculture operations?

2.35pm

How is Agriculture Providing a Safe Haven for Investment?

3.05pm

Elevating the Sensory Experience: Advancing Taste, Texture & Performance

- Innovations around taste, texture and performance are constantly evolving and advancing, and are critical to securing consumer acceptance. How are food brands working to enhance the sensory profiles of new protein products, and what aspects are they focused on?

3.35pm

Food Security: Providing Sufficient Safe, Nutritious and Healthy Food for Everyone.

- Food prices are likely to rise due to climate change, inflation and a growing world population. Nutritious food is therefore likely to become unattainable for more and more people. So how do we ensure nutritious, healthy and safe for everyone.

4.30pm

Food Inflation and Nutrition Security Situation in Developing Asian Countries.

- Challenges with inflation in the post pandemic era.

5.00pm

Chairman's Closing Remarks

SOME OF OUR **PAST SPEAKERS**

Grace Fu

Singapore's Minister for Sustainability and the Environment

A/Prof Matthew Tan

Co Chair for Sustainable Development in Agriculture & Fishery Sectors – APEC Policy Partnership on Food Security/ CEO Asia, Assentoft Aqua Asia

Dr Koh Poh Koon

Singapore's Senior Minister Of State For Sustainability and the Environment and Manpower

Riad Meddeb

Director ad-interim of UNDP Global Centre for Technology, Innovation and Sustainable Development (GC-TISD)

Dr Inbal Becker-Reshef

Director, NASA Harvest

SPONSORSHIP & EXHIBITION OPPORTUNITIES

Promotional options include Platinum, Gold, Silver and Bronze Sponsorship labels.

BENEFITS	PLATINUM SGD14,000.00	GOLD SGD12,000.00	SILVER SGD9,500.00	BRONZE SGD7,000.00	EXHIBITOR SGD700.00
Online Visibility - Your organisation's logo linked to your website will be prominently displayed on the event's official website	Top Position	Subordinate position to Platinum	Subordinate position to Gold	Subordinate position to Silver	Logo will be displayed at exhibitor's scrolling panel
License to use the "Official Sponsor Logo" in connection with the promotion of your organization's event sponsorship and participation	✓	✓	✓	✓	✗
Event Programme - Sponsor Recognition in the event's official PDF participants guide available for viewing or download on the event website	✓	✓	✓	✓	✗
Complimentary Sponsor's Ads In Event Programme (artwork to be provided by client)	1 page full coloured ad	3/4 page ad	1/2 page ad	1/4 page ad	1/4 page ad

DELEGATE & ATTENDANCE OPPORTUNITIES

EARLY BIRD DELEGATE REGISTRATION FEE

SGD
400

REGULAR FEE: DELEGATE REGISTRATION FEE

SGD
530

EXCLUSIVE PACKAGE FOR 4 DELEGATES

SGD
1330

BENEFITS

- 1** Creating new business connections via 1-1 meetings to expand your professional network and open up new opportunities for your business.
- 2** Deepen your knowledge. Listen to our inspirational speakers and chat with other delegates during the talks. Ask questions during the Q&A sessions and participate in live chats.
- 3** Visit the exhibit booths to meet industry partners, chat with exhibitors and learn more about their products.
- 4** Gain Critical Acumen on the Future of Agri-Food.
- 5** Expanding your network across the Asia-Pacific agri-food supply chain to create new opportunities for your business.

REGISTRATION FEE

EARLY BIRD DELEGATE REGISTRATION FEE - SGD 400
REGULAR FEE: DELEGATE REGISTRATION FEE - SGD 530
EXCLUSIVE PACKAGE FOR 4 DELEGATES - SGD 1330
