CVO, LinkPower (Social Equity Platform – Green Economy)

Ms Betty Pallard

OVERVIEW

VIETNAM-SINGAPORE MARKETPLACE A Legacy of Strong Alliance & Growth

Singapore and Vietnam celebrates 50 years of diplomatic relationship this year. Half a century's legacy has resulted in the 14 Vietnam-Singapore Industrial Parks (VSIPs) generating investments worth over \$15.6 billion and creating upwards of 293,000 jobs in Vietnam.

Looking ahead, the synergistic collaborations between both countries remain strong. In the first half of 2022, Singapore contributed more than \$4.1 billion total direct investment into Vietnam and became its leading foreign investor. As Singapore's Ministry of Foreign Affairs recently stated, "Both countries will witness the signing of several bilateral agreements that will further strengthen the multi-faceted cooperation between Singapore and Vietnam, particularly in the digital economy and green economy."

Indeed, both countries have prioritised accelerated cooperation in the digital economy, and Vietnam Business Exchange (VBEx) Asia will facilitate such collaborations through a unique digital business matching platform and a series of thematic events in Vietnam and Singapore.

VBEX CONFERENCE 2023

Delivering Insights & Accelerating Cooperation

Vietnam Business Exchange (VBEx) was established by Singapore and Vietnam business leaders who have connections with various government bodies, industry associations and business communities. Leveraging on this, VBEx is co-organising the VBEx Conference 2023 with its partners – **Research, Innovation & Consulting Hub (RICH)**, **Vietnam Digital Communication Association (VDCA)** and **Association of Telecommunications Industry of Singapore (ATiS)**. VBEx is also supported by leading brands **Vietcombank**, **LYS Energy**, **EY Consulting** and **Secoin Group**.

Besides the VBEx ecosystem of business services, VBEx Conference 2023 will deliver even greater value to partners and delegates alike. Co-located with the prestigious M&A Forum – set for 28 November, organised by the Vietnam Investment Review (VIR), under the Ministry of Planning & Investment (MPI) – VBEx Conference 2023 will be a follow-on event for M&A Forum's expected 500+ high-level participants.

Starting with the inaugural **VBEx Conference 2023**, VBEx Summit will be an annual business and industry exchange event from 2024 onwards, held alternately in Singapore and Vietnam. VBEx Summit is set to be the launchpad for many bilateral collaborations.

on either activity
when you
register as
delegate

GOLF TOURNAMENT

by organising partner R.i.C.H runs concurrently as an alternative networking activity.

Coverage

VBEx Conference 2023 will cover electronics and technology innovation, AI, AR/VR, digital payments, cross-border data flows, cybersecurity, and more – across various industries, including agritech, smart cities, fintech, industrial parks, clean energy and others.

It will also delve into the oft-overlooked sustainable practices in our increasingly carbon footprint-conscious world, and shed light on green financing.

Delegates

The conference content is designed for CIOs, CISOs, COOs and senior leaders in the fields of IT, digital transformation, systems management as well as CEOs and decision-makers who lead policy and strategic directions in their companies.

Entrepreneurs and business development leaders from Singapore and Vietnam can look forward to many opportunities for both wide networking and targeted meetings, with the objective of establishing collaborations and business partnerships.

Conference Fee

Delegates	VBEx Conference	VBEx Conference + M&A Forum <i>(Co-located event on 28 November 2023)</i>	VBEx Connect Business Matching Table <i>(For delegates who wish to avail meeting slots for pre-event bookings by other delegates)</i>

SHOW ORGANISER

VBEx Asia LLP was established by Singapore and Vietnam business leaders who have connections with various government bodies, industry associations and business communities. Its ecosystem of platforms – an annual conference held alternately in Singapore and Vietnam, business matching and meetings, various roundtables throughout the year, and more – facilitates cross-borders collaborations between visionary entrepreneurs, venture capitalists, thought-leaders and industry professionals – from Singapore, Vietnam, regional countries and beyond. www.vbexasia.com

CO-ORGANISING PARTNERS

Research & Innovation Consulting Hub (R.i.C.H) consulting services are built on decades of IT expertise to tailor the best technology for you with your business goals and manage your environment from start to finish. www.richhub.org

Vietnam Digital Communication Association (VDCA) is a voluntary organisation of individuals and groups engaged in research, training, dissemination, application, production, business and services in the field of digital media, who aim to facilitate the development of Vietnam's communications sector. www.vdca.org.vn

The Association of Telecommunications Industry of Singapore (ATIS) champions industry issues on behalf of the Information Communications and Telecommunications (ICT) industry in Singapore. It seeks to provide a common platform for all members of the industry to interact, work together and position Singapore as a leading global ICT hub. www.atis.org.sg

OFFICIAL MEDIA PARTNER

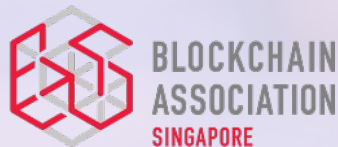

Vietnam Investment Review (VIR) was established in 1991 by the Ministry of Planning and Investment, the Government's macroeconomic and social development policy think-tank. It covers political, social, business and economic life in Vietnam. For its insightful and objective position in coverage, it has earned its reputation of being the leading international business and economics newspaper published in Vietnam. www.vir.com.vn
